
Additional Toll Road County Disbursement

The distribution amounts will change before the actual distribution on September 15, 2006, because of changes in the distribution factors. Changes in road mileage and vehicle registration counts will affect the county distribution amounts. Population changes will affect the city and town distribution amounts.

The distribution percentage is determined by using the statewide \$75 million MVH distribution. The percentage equals the amount each county or city or town will receive of the \$75 million MVH distribution divided by the sum total of the county and the cities and towns amounts. The calculated percentage is multiplied times the county total amount to determine the county amount and the cities' and towns' amounts.
